Pursuant to the People's continuing obligation I am making the following disclosure regarding Police Officer Christopher Schiro:

On 07/20/2018 Officer Schiro was involved in a use of force encounter where the defendant under arrest did not comply with officers who instructed the defendant to move to the middle of the RMP during the transporting process of the arrest. The use of force was investigated but no disciplinary action was administered for the use of force. Officer Schiro did however receive a command discipline for failing to notify the supervisor in regards to the use of force.

On 05/15/2019 Officer Schiro was involved in an internal investigation alleging a failure to safeguard department equipment, missing department and found department equipment. The disposition was that the claims were substantiated and a command discipline was issued.

The People reserve the right to move *in limine* to preclude reference to this information, or otherwise to object to its use or introduction into evidence during trial.

Sincerely,
