Re:

In connection with the above-named case, the People voluntarily provide the following information regarding:

MOS NAME: JASON BERGER

MOS TAX: 354222

in satisfaction (to the extent applicable) of their constitutional, statutory, and ethical obligations. Further, the People reserve the right to move in limine to preclude reference to this information, or otherwise to object to its use and/or introduction into evidence.

Disclosure # 1:

THE NYPD NOTED THE FOLLOWING NON-CONFORMANCE BY MOS BERGER:

The analyst's results were consistent with the expected results; however, a technical inconsistency was identified upon technical review. One of the two required instrument function checks was not performed prior to analysis, as per laboratory procedure. The samples were reanalyzed after the function check was performed, producing results consistent with the original analysis.
