Case Summary

On August 13, 2013, Lt. Marc Winkler of Brooklyn North Narcotics contacted the IAB Command Center and filed the following complaint on the behalf of § 87(2)(b). There log contained no direct civilian complaint. The complaint was subsequently forwarded to the CCRB on September 3, 2013, via IAB log #13-36846. A summary of the complaint is outlined below.

At approximately 3:25 p.m. on August 6, 2013, officers from Brooklyn North Vice served a search warrant at § 87(2)(b) in Brooklyn. § 87(2)(b) fled from the location but was apprehended by Det. Bruce Tulloch of Brooklyn North Narcotics at 330 Halsey Street in Brooklyn. In the process, § 87(2)(b) sustained a broken leg (**Allegation A**).

The IAB log identified Det. Tulloch as the subject officer. A physical force allegation has therefore been pleaded against Det. Tulloch.

The IAB referral log and the arrest report provided the same address, without an apartment number, for § 87(2)(b). Neither provided a telephone number for him or for anyone he contacted while in police custody. A search of the OCA database provided no court records for this incident. § 87(2)(b). He had the same address listed in those records as provided on the arrest report and IAB log for this incident. A search of the BADS database listed only one previous arrest for § 87(2)(b) but that arrest was sealed, though the summary of the arrest information listed the same address for § 87(2)(b) as the arrest report for this incident. On September 6, 2013, a call was made to the CCRB-IAB liaison. Det. Jean of IAB provided the same address for § 87(2)(b) as the IAB referral log and stated that IAB had no telephone number for him. A LexisNexis search for § 87(2)(b) on September 11, 2013, provided the same address as the IAB log and arrest report, but with an apartment number, and two telephone numbers. On September 12, 2013, calls were made to both telephone numbers provided via the LexisNexis results. In both calls, the phone rang continuously without being answered or redirected to a voicemail prompt. However, later that day, a female caller called from one of the numbers and denied that she knew § 87(2)(b). No one responded in regards to the call to the second number. Between September 17, 2013, and September 26, 2013, four additional calls were made to the second telephone number. On each occasion, the phone rang continuously without being answered or redirected to a voicemail prompt. Letters were sent to § 87(2)(b) in both English and Spanish, due to a notation on the arrest report that § 87(2)(b) spoke Spanish, on September 6, 2013, September 12, 2013, and September 19, 2013. None of these letters were returned by the US Postal Service. § 87(2)(b) did not respond to any of these attempts to contact him. Searches of the Department of Corrections inmate tracking website on September 6, 2013, and October 1, 2013, noted that § 87(2)(b) was not incarcerated. § 87(2)(b), § 87(2)(g)
