This case is closed as the complainant being unavailable based upon the following information:

On 7-25-87 I called the number given by the complainant on the UF 245 as his home phone number. I spoke with his father who informed me that his son did not live there. He stated he did not know where his son lived and he had not seen him for a month. He agreed to take a message for me in case he did see his son. I agreed to call back to see if his son was given the message.

On 8-8-87 I called back. I spoke with the complainants mother this time and she also informed me that her son did not live there and she did not have another address for him nor did she have a phone number. She stated that her son sometimes calls her and if he did she would give him a message to contact me.

On 8-22-87 I called to see if § 87(2)(b) had gotten the message. I was informed by his mother that she had not seen him since the last time we had spoke. She did not know when she would see her son again and did not know where else I could reach him.
