and the other was at the rear of the vehicle. As noted above, PO Hui asked \$87(2)(6) to exit
the vehicle about 10 seconds after he began speaking with him. PO Hui explained to §87(2)(b)
the reason for the stop, which was that his brake light was out, and the reason they were being
removed from the vehicle, which was that the officers suspected them of having a weapon. PO
Hui did not remember \$87(2)(b) saying anything in response to this. When asked if he
suspected \$87(2)(b) of having a weapon, PO Hui initially said no, but then said that he "could
not say no." PO Hui denied seeing \$87(2)(b) make any furtive movements and said that
did not make any movements to raise his level of suspicion to the point where he
thought §87(2)(b) might have a weapon. PO Hui did not remember observing any bulges on
PO Hui did not remember if he frisked \$87(2)(b) or not. PO Hui said that he
definitely did not search \$87(2)(b) About 10 seconds after PO Hui removed \$87(2)(b)
from the vehicle, one of his partners removed \$87(2)(b) and \$87(2)(b) from the vehicle. PO Hui
did not hear if §87(2)(b) said anything when they were asked to exit the vehicle. PO
Hui did not remember observing the \$87(2)(b) and \$87(2)(b) being frisked. PO Hui emphasized
that he only interacted with §87(2)(b)
PO Scheblein (Board Review 15) stated that when the officers turned on their lights to
pull § 87(2)(b) over, § 87(2)(b) looked back at the officers and his eyes were "all blared out
like he just saw a ghost." When the officers exited their vehicle and were approaching
s vehicle, PO Scheblein saw §87(2)(b) reach across his body and put his right hand
into his jacket pocket. § 87(2)(b) then made a move from his jacket to the floor of the car.
came back up and put his hand back into his jacket pocket while looking at the officers.
PO Scheblein initially stated that he saw a "black handle" which he said could be indicative of
either a knife or a firearm. When asked at what point he saw the black handle, PO Scheblein said
that he did not see a black handle, but that he thought he saw a black handle. PO Scheblein went
on to further explain \$87(2)(b) s movements, indicating that \$87(2)(b) s movements took
about the amount of time it would take for someone to take their phone out of their pocket. When
asked again when he might have seen a black handle, PO Scheblein said that he remembered
seeing § 87(2)(b) seeing up and then seeing something reflective in his hand. PO
Scheblein approached the passenger side of the vehicle and PO Hui approached the driver side.
PO Scheblein did not remember where Sgt. Hillmann was standing. PO Scheblein said that PO

Hui probably asked §87(2)(b) to exit the vehicle. PO Scheblein did not know if PO Hui
frisked \$87(2)(b) because he was only focusing on \$87(2)(b) and \$87(2)(b) PO Scheblein did
not remember exactly what was said back and forth. PO Scheblein said he only spoke to
and \$87(2)(b) and that they were saying that the officers needed probable cause to take
them out of the car and asked why the officers were stopping them a lot of times. PO Scheblein
said it raised his suspicion even more because the occupants did not want to get out of the
vehicle. PO Scheblein estimated that the officers spoke to \$87(2)(b) and \$87(2)(b)
for about 30 seconds before asking them to exit the vehicle. PO Scheblein thought that
took his phone out right before the officers asked everyone to get out of the vehicle. PO
Scheblein asked \$87(2)(b) to exit the vehicle first and frisked him. PO Scheblein frisked \$87(2)(b) s
pockets and waistband area to make sure that he did not have any weapons on him. PO Scheblein
did not find anything on \$87(2)(b) After frisking \$87(2)(b) PO Scheblein asked \$87(2)(b) to exit
the vehicle. PO Scheblein frisked § 87(2)(b) s jacket and the right side of his pants from his
right ankle up his right leg. PO Scheblein said he did this because of the way that §87(2)(b) had
motioned across his body and then down. PO Scheblein wanted to check if \$87(2)(b) put
something in his pants or placed something in his sock. When asked if he saw any bulges on
PO Scheblein said that he remembered it was a cold night. PO Scheblein
said §87(2)(b) was wearing a big coat at the time of the incident. PO Scheblein said that a bulge
plays a factor, but now people carry around "subcompact" weapons that are about the size of a
phone, so a bulge might not always be there.
Sgt. Hillmann (Board Review 14) also stated that he observed 887(2)(b) motion
towards the floor and towards his jacket pocket when the officers approached \$87(2)(b)
vehicle. Sgt. Hillmann said that it looked as if \$87(2)(b) was fumbling with something. Sgt.
Hillmann did not see §87(2)(b) holding any objects. Sgt. Hillmann was standing near the rear
passenger side of the vehicle. Sgt. Hillmann said that he could see into the vehicle from where he
was standing and that \$87(2)(b) stopped moving when the officers were at the sides of the
vehicle. Sgt. Hillmann could not remember if \$87(2)(b) had anything in his hands at this point.
A few seconds after the officers got to the sides of the vehicle, the officers ordered everyone to
exit the vehicle for the officers' safety. [887(2)(6)] was filming during the incident and had his
phone in his hand when he exited the vehicle. All of the occupants of the vehicle were frisked to
see if they had a weapon after they were asked to exit the vehicle. PO Hui frisked \$87(2)(b)
first. Sgt. Hillmann could not see if there were any bulges on §87(2)(b) After PO Hui frisked
PO Scheblein frisked \$87(2)(b) and \$87(2)(b) Sgt. Hillmann stated that PO
Scheblein did not search \$87(2)(b) or \$87(2)(b) Sgt. Hillmann did not remember seeing any
bulges on \$87(2)(b) Sgt. Hillmann said that he was not paying much attention when
PO Scheblein was frisking \$87(2)(b) and \$87(2)(b) because he was standing at the back of the
vehicle with \$87(2)(b) Nothing was discovered as a result of the frisk.
The video taken by \$87(2)(b) via \$87(2)(b) (Board Reviews 03, 04, and 05) did
not capture \$87(2)(b) being frisked. At 00:10 PO Scheblein is pictured outside the passenger
door with a flashlight. PO Scheblein tells \$87(2)(b) that they were stopped for a VTL
infraction. PO Scheblein asks \$87(2)(b) and and \$87(2)(b) to step out of the car, put their hands on
the roof, and stand still. At 00:44, \$87(2)(0) is pictured standing outside the door. Only his lower
body is visible and he is being frisked by PO Scheblein. §87(2)(6) moves to the back of the car. PO
Scheblein then asks §87(2)(b) if he needs to worry about anything in his pocket. §87(2)(b)
tells PO Scheblein that it is just his wallet and change. PO Scheblein then tells §87(2)(b)
"Because this is the reason why the car is This is why everyone is leaving the car now. Because

we're behind you, and we see you shifting, and you put your hand in your jacket." 1
acknowledges that § 87(2)(b) was filming while he was still in the car. § 87(2)(g)

PO Hui (Board Review 13) stated that he went inside the vehicle and looked under the driver's seat and passenger's seat because he had observed [887(2)(b)] reach under the seats earlier, but was not sure which seat he reached under. PO Hui was searching to see if there were any weapons under the seats. PO Hui only found garbage and plastic bottles. PO Hui denied looking anywhere in the car other than under the seats. PO Hui denied opening any compartments. PO Hui denied opening the glove compartment of the vehicle.

Nervousness and repeated looks at the officer's vehicle alone are insufficient to provide reasonable suspicion that there was a weapon located in a defendant's vehicle. Additionally, once an individual exits a vehicle, if there is no "actual and specific" threat to the safety of the officer, or any further justification to search the vehicle, such a search is unlawful, <u>People v. Hackett</u>, A.D.3d 1122; 850 N.Y.S.2d 676, 2008 (Board Review 17).

Allegation O – Abuse of Authority: Sergeant Stephen Hillmann made a video recording of §87(2)(b)

Allegation P – Discourtesy: Sergeant Stehpen Hillmann acted discourteously towards

It is undisputed that Sgt. Hillmann took out his personal cell phone and said he was going to video record [87(2)(6)] It is disputed whether or not Sgt. Hillmann video recorded on his personal cell phone.

During his interview, \$87(2)(b) (Board Review 11) indicated that Sgt. Hillmann was pictured in the video saying he was going to film him and then held up his phone. \$87(2)(b) was not sure what type of phone Sgt. Hillmann was holding up.

(Board Review 12) stated that an officer took at his phone at one point and said he was recording also. [887(2)(6)] thought this was petty and did not think that the officer actually filmed anything on his phone.

Sgt. Hillmann (Board Review 14) stated that, while he was at the rear of the vehicle with and \$87(2)(b) was filming on his cell phone and saying that cops had beaten him up and he was filming for his safety. Sgt. Hillmann decided to mimic and took out his personal cell phone to film \$87(2)(b) Sgt. Hillmann stated that he never actually filmed \$87(2)(b) and never turned his phone on. Sgt. Hillmann only took his phone out for two seconds and said that he was going to record \$87(2)(b) for his safety. Immediately, Sgt. Hillmann put his phone back in his shirt pocket.

In the video taken by [887(2)(0)] (Board Review 03, 04, and 06) at 03:00, Sgt. Hillmann is pictured in the video taking his cell phone out of his front pocket and saying, "Should I film you?" Sgt. Hillmann holds his camera up to [887(2)(0)] s camera. Sgt. Hillmann puts his phone away at 03:17, 17 seconds after he took it out.

Allegation Q – Discourtesy: Police Officer Samuel Hui acted discourteously toward (\$157(2)(5)) (Board Review 12) stated that about 15 minutes after he, §87(2)(b) got back in the vehicle, PO Hui returned to his driver side window to issue him a summons for having a defective brake light. § 37(2) told PO Hui that his brake light was not broken and there was nothing wrong with it. PO Hui told \$87(2)(b) to get his brake light fixed and bring the receipt to the stationhouse within 24 hours. § 87(2)(6) asked how he could get a receipt for something that was not broken. §87(2)(b) said that his car is a standard transmission so he did not have to press the brake at the stop light. PO Hui got fed up and threw s license, registration, insurance, keys, and the summons onto \$87(2)(6) (Board Review 11) stated that PO Hui threw the summons at \$87(2)(b) face. PO Hui (Board Review 13) stated that § 37(2)(b) had his hand open near his lap and was not reaching up for the summons. PO Hui reached into the window and dropped the summons into §87(2)(b) s hand. PO Hui denied throwing the summons at §87(2)(b) Sgt. Hillmann (Board Review 14) stated that, while PO Hui and \$87(2)(b) make great contact" when PO Hui issued \$87(2)(b) the summons, PO Hui did not throw the summons at § 87(2)(b) PO Scheblein (Board Review 15) did not see PO Hui throw the summons at § 87(2)(b) In the video taken my §87(2)(6) (Board Review 03, 04, and 07) at 14:04, PO Hui returns to the car to issue \$87(2)(b) a summons. PO Hui and \$87(2)(b) proceed to argue about the validity of the summons. At 14:25 PO Hui holds the summons inside \$87(2)(b) window and says, "You want it?" \$87(2)(6) responds asking how he is supposed to get a receipt for his tail light. At 14:27, PO Hui tosses the summons, other documents, and s keys into the car. probable cause meant.

Allegation R – Discourtesy: Police Officer Samuel Hui spoke discourteously to \$87(2)(b)

It is disputed whether or not PO Hui said, "It means we could fucking arrest you right now. Do you want to get arrested right now?" in response to \$87(2)(b) squares squestion about what

Allegation S – Abuse of Authority: Police Officer Samuel Hui threatened to arrest (387/2015)

(Board Review 12) stated that, after PO Hui issued the summons to him, he exited his vehicle and told the officers that everything they did was illegal. PO Hui was standing near the rear of \$87(2)(0) so whicle and told \$67(2)(0) to get back in his vehicle because he was causing traffic. \$67(2)(0) said that PO Hui had no right to check his car because he did not consent to it. \$67(2)(0) asked PO Hui what probable cause meant. Initially, \$67(2)(0) stated that PO Hui responded saying, "It means we could fucking arrest you right now. Do you want to get arrested right now?"

(Board Review 11) did not state that PO Hui threatened to arrest or used any discourteous language. §87(2)(b) was arguing with when he exited the vehicle.

PO Hui (Board Review 13) denied telling \$\frac{837(2)(0)}{2}\$ "It means we could fucking arrest you right now. Do you want to get arrested right now?" PO Hui said he never curses. PO Hui told \$\frac{837(2)(0)}{2}\$ to remain in his vehicle, but \$\frac{837(2)(0)}{2}\$ kept getting closer to PO Hui. PO Hui explained to \$\frac{837(2)(0)}{2}\$ that he was blocking traffic and if he did not remove his vehicle, he could be issued a summons.

Sgt. Hillmann (Board Review 14) did not recall \$87(2)(0) asking PO Hui what probable cause meant. Sgt. Hillmann did not hear PO Hui threaten to arrest \$87(2)(0) after he got out of his car. Sgt. Hillmann did not recall hearing PO Hui tell \$87(2)(0) "It means we could fucking arrest you right now. Do you want to get arrested right now?" Sgt. Hillmann did not hear PO Hui or any officer uses discourteous language.

PO Scheblein (Board Review 15) also did not hear PO Hui tell (887(2)(6) "It means we could fucking arrest you right now. Do you want to get arrested right now?" but laughed and said that he thought it was a decent definition of probable cause. PO Scheblein did not recall any officer using profanity.

In the video taken by \$87(2)(b) (Board Review 03, 04, and 06) \$87(2)(b) exits the vehicle at 14:29 and gets back in the vehicle at 15:45. The entire time \$87(2)(b) is outside the vehicle, \$87(2)(b) are yelling at him to get back in the car. The only statements audible statements by officers are telling \$87(2)(b) to get back in the car. Any other statements were inaudible due to \$87(2)(b) and \$87(2)(b) yelling at \$87(2)(b) At no point can the statement, "It means we could fucking arrest you right now. Do you want to get arrested right now?" be heard.
